<u>Exhibit No.</u>	<u>Description</u>
99.1	Press release regarding Techfaith's fourth quarter and full year 2014 financial results

TechFaith Reports Fourth Quarter and Full Year 2014 Financial Results

Beijing, China, March 11, 2015 – China TechFaith Wireless Communication Technology Limited (NASDAQ: CNTF) (“TechFaith” or the “Company”) today announced its unaudited financial results for the fourth quarter and the full year ended December 31, 2014.

For the fourth quarter of 2014, TechFaith reported total net revenues of US\$25.9 million compared to US\$21.5 million in the third quarter of 2014 and US\$31.2 million in the fourth quarter of 2013. The increase in net revenues from the third quarter of 2014 primarily reflected increased revenue from the Company’s ODP business. Gross profit for the fourth quarter of 2014 was US\$3.0 million compared to US\$1.3 million in the third quarter of 2014 and US\$4.0 million in fourth quarter of 2013. Gross margin for the fourth quarter of 2014 was 11.4% compared to 6.0% in the third quarter of 2014 and 12.9% in the fourth quarter of 2013, primarily reflecting changes to our business mix. Operating expenses for the fourth quarter of 2014 were US\$9.0 million compared to US\$6.2 million for the third quarter of 2014 and US\$8.8 million in the fourth quarter of 2013, primarily reflecting the adverse impact of a US\$2.9 million impairment charge to acquired intangible assets. Net loss attributed to TechFaith for the fourth quarter of 2014 was US\$3.9 million, or US\$0.07 per basic and diluted weighted average outstanding ADS, compared to a net loss of US\$4.6 million, or US\$0.09 per basic and diluted weighted average outstanding ADS, in the third quarter of 2014, and a net loss of US\$2.1 million, or US\$0.04 per basic and diluted weighted average outstanding ADS, in the fourth quarter of 2013.

For the full year ended December 31, 2014, TechFaith reported total net revenues of US\$96.7 million compared to US\$119.5 million for the full year ended December 31, 2013, primarily reflecting the impact of a decline in revenue from the Company’s gaming business and its branded phone business. Gross profit for the full year 2014 was US\$8.2 million, compared to US\$16.8 million for the full year 2013. Gross margin for the full year 2014 was 8.5%, compared to 14.1% for the full year 2013. Operating expenses for the full year 2014 were US\$27.2 million compared to US\$22.0 million for the full year 2013. Net loss attributed to TechFaith for full year 2014 was US\$13.4 million, or US\$0.25 per basic and diluted weighted average outstanding ADS, compared to a net loss of US\$2.5 million, or US\$0.05 per basic and diluted weighted average outstanding ADS, for the full year 2013.

Miss Ouyang Yuping, TechFaith’s Chief Financial Officer, said, “We achieved revenue growth of 20.8% in the fourth quarter of 2014 compared to the third quarter of 2014, along with a healthy improvement in gross margin. We are encouraged that our ongoing operating business ended the year on a positive note given the challenges we experienced in 2014, characterized by high levels of competition in the mobile phone markets we serve, the migration of telecommunications operators globally from 3G to 4G, and the lack of a meaningful contribution from the gaming market. We continue to build our real estate portfolio, in which we have invested a total of approximately US\$186.9 million, including US\$78.8 million in the fourth quarter of 2014. This is reflected in our balance sheet, as we exited 2014 with a balance of cash and cash equivalents of US\$171.0 million compared to US\$259.3 million at the end of the third quarter of 2014. As of December 31, 2014, our capital commitments for the construction of property, plant and equipment were approximately US\$97.4 million. Our balance sheet continues to give us the ability to pursue these longer-term business initiatives and strategies that are central to our Company’s success, without needing to seek additional funding. We remain focused on these initiatives, which we believe will help drive improved profitability and build value for the Company’s shareholders.”

Mr. Deyou Dong, President and Chief Operating Officer of TechFaith, said, “We continue to focus on designing differentiated products to meet the needs of underserved enterprise users and niche consumer segments. Our design strength was recently recognized when we won the prestigious 2014 China Best Industrial Design Award from Telecommunications Global Net for our ruggedized JNOTE notepad. Our efforts in 2014 have laid the groundwork for 2015, giving us one of our strongest product line-ups in recent memory. While the market environment remains very challenging and difficult to forecast, our focus is on working with existing customers to develop potential opportunities in both China and the markets we serve worldwide. We plan to further expand our product line of ruggedized and tailored models to satisfy the demand we are seeing from both domestic and international clients, while supporting launches actively at international trade shows and other venues.”

Mr. Defu Dong, Chairman and Chief Executive Officer of TechFaith, said, “Our results for 2014 reflect the continued competition and volatility we face in the mobile phone market, but do not reflect our progress in the development of our real estate portfolio. Our focus remains on serving mobile product market areas where we have an advantage and expertise. Our ruggedized mobile product family has expanded from a single mobile phone model into smartphones that boast the latest in health, sports and lifestyle functionality along with a slim-form advantage. Our ability to remain focused and to execute on our core business helped us exit the year with momentum in revenue growth and gross margin. We are now at an important juncture for the Company. I am pleased to report that we have now completed the construction of 16 buildings in Beijing and two in Shenyang. We have established a credible track record by executing projects on schedule and within budget. We are moving ahead with the next phase in developing our real estate portfolio, which is securing tenants for our available spaces, and will update investors as we progress through 2015. We believe our real estate portfolio represents a highly compelling asset and important opportunity for TechFaith, which is not yet reflected in the Company’s valuation.”

First Quarter of 2015 Outlook

TechFaith currently expects its total revenues for the first quarter of 2015 to be in the range of US\$22.0 million to US\$26.0 million. The forecast represents TechFaith’s current and preliminary view, which is subject to change.

Investor Conference Call / Webcast Details

TechFaith will hold a conference call on Wednesday, March 11, 2015 at 8:00 a.m. U.S. Eastern Time (8:00 p.m. Wednesday, March 11, 2015 in Beijing) using the following dial-in numbers: +1-857-244-7557 or +1-877-474-9504. The conference call passcode is 41442327. A live webcast of the conference call will also be available on TechFaith’s website at www.techfaithwireless.com.

A replay of the call will be available approximately 2 hours after the conclusion of the live call by telephone at +1-617-801-6888, with passcode 23749292. A webcast replay will also be available at www.techfaithwireless.com.

About TechFaith

TechFaith (NASDAQ: CNTF) is a leading global mobile solutions provider for the global mobile handsets market (previously called the ODP (Original Developed Product) business)). The Company is a leading developer of ruggedized mobile phones and other devices for differentiated market segments, including the rapidly growing smartphone market targeting wireless mobile phone network operators, end users and sports enthusiasts. Safe Harbor Statement

This announcement contains forward-looking statements. These statements are made under the “safe harbor” provisions of the U.S. Private Securities Litigation Reform Act of 1995. These forward-looking statements can be identified by terminology such as “will,” “expects,” “anticipates,” “future,” “intends,” “plans,” “believes,” “estimates,” “confident,” “outlook” and similar statements. Among other things, the business outlook and strategic and operational plans of TechFaith and management quotations contain forward-looking statements. TechFaith may also make written or oral forward-looking statements in its periodic reports to the U.S. Securities and Exchange Commission on Forms 20-F and 6-K, etc., in its annual report to shareholders, in press releases and other written materials and in oral statements made by its officers, directors or employees to third parties. Statements that are not historical facts, including statements about TechFaith’s beliefs and expectations, are forward-looking statements. Forward-looking statements involve inherent risks and uncertainties. A number of important factors could cause actual results to differ materially from those contained in any forward-looking statement. Potential risks and uncertainties include, but are not limited to, those risks outlined in TechFaith’s filings with the U.S. Securities and Exchange Commission, including its annual report on Form 20-F. TechFaith does not undertake any obligation to update any forward-looking statement, except as required under applicable law.
